BIOGRAPHY

Matthew Perry

Matthew Perry was appointed as the Chief Information Officer (CIO) on February 21, 2010, he is responsible for information technology and innovative solutions to support the OPM mission to recruit, retain, and honor a world class workforce.

Prior to becoming the CIO, he was the Program Director for Enterprise Human Resources Integration (EHRI) and Project Manager, Retirement Systems Modernization. EHRI supports human resources management across the Federal Government at all levels from front-line employee to senior management.

Mr. Perry was selected as a member of the Senior Executive Service and joined US OPM in February 2007. He came from the Department of Defense, Office of Under Secretary of Defense for Personnel and Readiness where he led business modernization initiatives to improve and transform business practices with the Human Resources Management community.

Mr. Perry served 25 years in the United States Army in a wide range of human resources assignments at all levels of the Army. He graduated from Northwest Missouri State University.
